NUMBER 299.

FAIR PROMISES MADE

General Blanco Begins His Work of Pacifying Cuba.

PARDON FOR ALL CUBAN REBELS.

Offers Made in His First Edict Which Will Hardly Be Heeded at This Late Day. Spain Says She Has No Desire to Declare War Against the United States—Other Cuban News.

HAVANA, Nov. 10.—Marshal Blanco has issued the following edict, officially described as "expressing the magnanimous sentiments of the queen regent and the firm determination of the national government:

"I pardon in full those who have been prosecuted for the crime of rebellion. Rebels prosecuted for common crimes, independent of rebellion, will be pardoned as rebels, but judged on offenses committed by them.

"Those suffering sentences imposed prior to the date of this edict will have their sentences commuted to a certain extent, and perhaps in some cases in full. Persons pardoned should appear before the civil and military authorities at their respective places of residence, which they will designate, and which will be communicated to me. Should they designate places of residence outside the principal towns, they will be advised of the necessity of residing within the military zone of cultivation. The military authorities will be careful not to invade the jurisdiction of the civil authorities. Therefore, those pardoned can not change their residence without obtaining the permission of both civil and military authorities."

Captain General Blanco has issued a circular to the Spanish military commanders in the different provinces of Cuba instructing them to favor the owners of sugar estates by all means in their power and to encourage those who may be less disposed than others to grind their cane. The captain general is desirous that sugar cane grinding should proceed on a large scale.

INSURGENT VICTORIES.

Three of Them Won in Close Succession After Hard Fighting.

KEY WEST, Fla., Nov. 10.—The Zamora battalion at Junio, near Cabijaran, in Santa Clara province, has had a second encounter with the patriots. The Spaniards attacked the Cuban camp, but the Cubans defeated the Spaniards and obliged them to retreat, leaving arms, ammunition and blankets behind them. Twelve Spaniards were killed and 21 wounded.

The forces under General Lopez Amor, while conducting a convoy from Peguita to Manzanillo in Santiago de Cuba province were attacked by the patriots at Rio Yara. The Cubans captured most of the convoy after a hard fight.

At Jnnio in Santa Clara province, the forces of Ranchuelo was attacked by the patriots under Cepero. The Spaniards were compelled to retreat.

The forces of the San Quenten battery attacked a Cuban hospital at the Roscoe plantation, killing several of the patients and nurses.

SILVER HEELS BACK.

She Landed Part of Her Cargo in Cuba Without Molestation.

NEW YORK, Nov. 10.—The tug P. H. Wise, which, with the alleged filibustering schooner, Silver Heels in tow, gave United States Marshal McCarthy and a posse of deputies the slip on the night of Oct. 17, has returned to her accustomed haunts along the water front, and the crew that manned her on her recent trip has left in a body. After leaving the tug they said that the Silver Heels was, as suspected a filibustering schooner.

Part of this cargo, they said, reached Cuba after having been transferred to the tug Dauntless. The cargo was first landed on one of the Bahamas, and was discovered by the British authorities before the Dauntless was entirely laden. What remained was confiscated.

NOT AT ALL WARLIKE.

Senor Sagasta Declares Spain's Sentiments Toward the United States.

MADRID, Nov. 10.—In response to a cable message from a non-official American source, Senor Sagasta, the premier, has sent the following cabled declaration through Senor Dupuy de Lome, the Spanish minister at Washington:

"So far from seeking a pretext to declare war against the United States, Spain would regard it as a great misfortune to be given the occasion for such an unhappy resolution. Animated as she is by the most amicable sentiments toward the great republic, Spain honors America, that the latter will do its utmost to fortify sentiments of friendship for the sake and welfare of both countries, while at the same time respecting the rights of Spain."

Spain's Reply to Woodford's Note.

WASHINGTON, Nov. 10.—The full text of Spain's reply to the Woodford note was read at the cabinet meeting yesterday. Its tone was very pacific, and instead of being at all warlike, was regarded by the cabinet as very satisfactory, and as calculated to allay any fear of a hostile outbreak.

JACKSONVILLE, Fla., Nov. 10.—A strange vessel, supposed to be a Spanish man-of-war, was yesterday sighted off the coast here. It is supposed to be waiting to exercise the right of search upon alleged filibusters.

HERO OF FORT FISHER.

Death of Rear Admiral Alexander Colden Rhind, U. S. N.

NEW YORK, Nov. 10.—Rear Admiral Alexander Colden Rhind, U. S. N., is dead at his home in this city. He had been confined to his bed for five weeks.

Admiral Rhind was born in this city Oct. 31, 1821, his father being a prominent ship owner in those days, who afterward became distinguished in the diplomatic service of his country as plenipotentiary to Constantinople in 1827. After receiving an education in this city, the future admiral entered the navy as a midshipman in 1838, receiving his appointment from Alabama. He became a lieutenant March 17, 1854, and at the breaking out of the war was in command of the steamer Crusader of the South Atlantic blockade squadron. He performed operations in Edisto sound, for which he received the thanks of the navy department, and was in command of the Keokuk during the attack on Charleston April 7, 1863, when he ran his ship to within 550 feet of the walls of Fort Sumter, drawing the fire of all the forts upon her. She was struck 90 times in 30 minutes, and 19 shot struck her below the water line, she floating during the night, but sank early the following morning, but all hands were saved.

Through the next year Commander Rhind was in James river assisting General Grant, and commanded several vessels, among them the Paul Jones, the Wabash and Agawam. It was at the attack on Fort Fisher, however, that he won his greatest renown. Assisted by Lieutenant Preston and a volunteer crew from his own ship, he commanded the Louisiana, which loaded with 215 tons of gunpowder and bombs, set to explode by clockwork, was towed close to the fort. The officers and men were taken off by the steamer Wilderness. The powder boat blew up as expected, but did little injury to the fort.

This operation was suggested by General Benjamin F. Butler, and Admiral Porter, who detailed the officers, in his report said: "Commander Rhind and Lieutenant Preston engaged in the most perilous adventure that was perhaps ever undertaken. As an incentive I beg leave to recommend them for promotion. None in the squadron consider that their lives would be saved, and Commander Rhind and Lieutenant Preston had made an arrangement to sacrifice themselves in case the vessel was boarded, a thing likely to happen." At the close of the war Captain Rhind served on the Congress for a time, was lighthouse inspector in 1876-78, when he was commissioned commodore, and was president of the board of inspection in 1880-82, and on Oct. 30, 1883, he was promoted to rear admiral, and was retired the following day, having reached the age limit. He never married.

A NOVEL INDUSTRY.

Corn Stalks Being Made Into Many Unique Products.

OWENSBORO, Ky., Nov. 10.—The plant of the Marsden Development company was started yesterday. It is a new industry and corn stalks is the material used. One hundred men are employed and the capacity of works is 300,000 tons of stalks per year. The products are various, one of the principal being cellulose for lining of battle-ships.

The company has a contract for four tons a week of a material to be used in the manufacture of artificial silk and another with one of the leading celluloid firms for large quantities of material, which will render the manufacture of that compound much less expensive. The concern will prepare for the manufacture of paper from stalks, experiments having demonstrated that it can be produced much more cheaply than from wood. Buildings of the company cover two city squares and all stock is owned by eastern capitalists.

BIG BOLD BLACK BEAR.

Having Everything His Own Way in an Illinois Hamlet.

PADUCAH, Ky., Nov. 10.—For weeks a big black bear was reported to have been seen in the thickets behind Brooklyn, Ill., a thriving community across the Ohio from Paducah. Monday night bruin boldly invaded the town. He first attacked a colored man. The negro escaped and fled, giving the alarm. A small panic ensued. The intruder coolly raided a pig pen amid the shouts of the inhabitants and killing two squealing porkers made off before a shot could be fired at him.

Yesterday he was sighted in the woods by a wood hauler, who drove his team to town in a wild run. Dogs were put on the bear's trail, but he escaped.

Attempted Murder and Suicide.

PHILADELPHIA, Nov. 10.—Charles Gerbach, a cigar manufacturer on Norris street, near Fourth, yesterday attempted to kill his father-in-law, Frederick Fritz, and the latter's son, Joseph, by shooting them. He then sent a bullet through his own brain and died soon after being admitted to the Episcopal hospital. The shooting is said to have been due to some dispute over business. The elder Fritz was but slightly wounded, and his son, while severely, was not dangerously wounded.

Died From Injuries.

COSHOCOTON, O., Nov. 10.—F. F. Biggs, vice president of the Tuscarara Advertising company of this city, died from injuries received by falling off the factory roof last Friday afternoon.

Part of His Hand Shot Away.

FREMONT, O., Nov. 10.—Mahlon Fleagle, an 18-year-old farmer boy, while cleaning a gun, had a portion of his left hand shot away. It may be necessary to amputate the entire hand.

CHEAPCHINESELABOR

It Is Greatly Feared by the Illinois Miners.

UNITED ACTION TO BE TAKEN.

A Full Convention of Delegates From Every Shaft in the District Has Been Called to Consider the Subject—Governor Tanner Called on, but He Can Not Restrict Their Importation.

STREATOR, Ill., Nov. 10.—The announcement that Chinamen would be placed in the mines of the northern Illinois coal field has caused an immense amount of excitement here, and a call has been issued for a full convention of the district to be held next Wednesday afternoon in this city. Every shaft will send delegates and in the meantime the various organizations will get together and take action.

It is understood that Wednesday's meeting will be of importance to the craft throughout the state, as it is claimed that if Chinamen are allowed to go to work here and elsewhere it will only be a matter of time when mines employing that kind of labor will be able to undersell those employing skilled hands, and thus the price will be again forced down. The situation here is looked upon by business men as most serious. The Chinese question has put an entirely new phase upon it. It means to Streator alone the displacement of about 3,000 men.

COMPROMISE AFFECTED.

Five Hundred Strikers Will Return to Work in the Braceville Mine.

BRADWOOD, Ill., Nov. 10.—Five hundred coal miners, who have been on a strike since July 4, will return to work in the Braceville mine tomorrow morning. The men will receive 77 1/2 cents per ton, an advance of 10 cents; no rent will be collected for the strike period and coal will be supplied to them at a reduction of 50 cents per ton.

Talk of importing Chinese labor to fill the places of strikers in the other mines of this district continues to excite strong comment among the strikers. Work was continued on the stockade at Carbon Hill, where it is said the Chinamen will be put to work.

A meeting was held last night to elect delegates to a general conference at Streator, which will determine whether or not a compromise will be accepted similar to the one at Braceville. W. D. Ryan, state secretary of the mine workers was present and read a telegram from his representative at Springfield, saying that Governor Tanner would prohibit the importation of Chinese labor. This message had a cheering effect throughout the district and the feeling among the English speaking miners is that there will be no serious trouble.

SCHEME FALLEN THROUGH.

The Six Companies Have Concluded Not to Import the Mongolians.

CHICAGO, Nov. 10.—Sam Moy, "mayor of Chinatown," Wah Hing and Hip Lee, three of the authorities in the Chicago Chinese colony, say the plan of importing Mongolian miners from Wyoming to fill the places of the striking miners of the Bradwood district has fallen through, and that the agent of the Six companies has served notice on the coal company that he will be unable to supply the necessary men.

The officials of the coal company, however, said the contract with the Six companies is still in effect; that from 800 to 1,000 Chinese miners have been engaged under a five-year contract, and that the mines will be opened as soon as they can be brought into the state.

Sam Moy says that two weeks ago there were 100 Chinese miners here waiting orders to go to the mines, but the plan fell through because the Chinamen became frightened at the prospect of taking their chances among the strikers.

Can Not Restrict the Chinese.

SPRINGFIELD, Ill., Nov. 10.—A delegation of miners' officials headed by President Cartwright of the Springfield subdistrict, waited on Governor Tanner yesterday in regard to the rumored importation of a large body of Chinese miners into the Bradwood field. The governor expressed his sympathy with the white miners and said that while he could not restrict the importation of the Chinese miners, he would not permit them to enter the state bearing arms, nor would he permit the presence at the mines of the reported large bodies of armed ex-Chicago policemen acting as guards to the Chinese.

DEPOT SHED DEMOLISHED.

A Train of Empty Freight Cars Jump the Track in Louisville.

LOUISVILLE, Nov. 10.—A train of empty freight cars jumped the track at the Union depot yesterday and struck the supports of the eastern end of the steel shed, causing it to fall in ruins. Fortunately the other end remained secure, and the sleepers escaped. In one sleeper was Governor Bradley and a party of state officials, bound for the Eddyville penitentiary. The loss will aggregate \$17,000.

No one was at the end where the accident happened, and no one was hurt. A cyclone destroyed the same shed in 1890, with great loss of life.

ASHLEY, O., Nov. 10.—The postoffice here was burglarized last night. A futile effort was made by the burglars to blow the safe, but \$3 in stamps was all they secured.

PLAGUE DISAPPEARING.

Yellow Fever Continues to Decrease at All Places Except Mobile.

NEW ORLEANS, Nov. 10.—Yellow fever continues on the decrease and the board of health is elated over the prospects of an early termination of the scare which has so badly crippled commerce. Matters have been very quiet in and about the board of health office for several days past. The working forces have been reduced to a minimum and there is an abundance of work for those retained. The business situation continues to brighten.

During the past 24 hours there were four deaths and eight new cases, as follows:

DEATHS.

G. D. Berry.
J. W. Laroque.
Miss Petrie.
Joseph Dncid.
New cases — Mattie Bridges, Nita Bohner, Raoul Gauthiel, Miss R. Damecki, Miss Alberta Berger, Miss Laura Cummings, John Common, — Tallie-fay.

Total cases of yellow fever to date, 1,764; total deaths from yellow fever to date, 247; total cases absolutely recovered, 1,016; total cases under treatment, 501.

Slight Increase at Mobile.

MOBILE, Nov. 10.—The report for the past 24 hours shows a slight increase in the number of new cases, the result of unusually warm weather experienced since the 4th of the month. The list of recoveries is large. The new cases are: E. M. Johnston, John McCall, Joseph T. Wilson, William Shaw, William Dudley, Mrs. Charles Breder. Deaths — John Curran and Georgie Holloman.

Memphis Free of the Disease.

MEMPHIS, Nov. 10.—There has not been a case of yellow fever or death from that disease in Memphis for 48 hours, and no prospects of new cases are reported. The Little Rock quarantine against Memphis was raised yesterday, but no reference was made to New Orleans or other infected points.

NO LIVES WERE LOST.

The Negro Section of the Georgia Insane Asylum Destroyed by Fire.

MILLEDGEVILLE, Ga., Nov. 10.—The negro section of the Georgia insane asylum burned yesterday. There were within the walls at the time the fire broke out, inmates and all, over 700 persons, but the efficiency of administration was such that no lives were lost. The group of buildings constituting the section covered about four acres.

The fire started in the attic, above one of the wards on the east side and was discovered by Dr. Oetall, who was attending one of the patients. The fire walls of the building did not extend to the roof and a consequence the fire traveled under the roof and dropped the sparks below. The tier being divided by solid brick walls, the progress of the fire was slow but very steady, about 10 hours elapsing before it was checked. Portions of the section were saved, but the major part was gutted. The asylum water service was excellent and was reinforced by engines from the fire department from Macon, 30 miles away, which were brought here upon a special train.

Dr. Powell, superintendent of the asylum, estimates the loss at about \$100,000, including buildings and furniture, upon which there is insurance of about 50 per cent. There was room enough in the other buildings to temporarily care for those displaced by the fire. The legislature of Georgia is now in session and prompt relief will be granted.

GAS WASTE IN INDIANA.

Steps Being Taken to Put a Stop to It in a Legal Manner.

INDIANAPOLIS, Nov. 10.—Governor Mount, Attorney General Ketcham and the state natural gas inspector will hold a meeting this afternoon at which vigorous steps will be employed looking to the suppression of the natural gas waste in Indiana. The waste is largely in the territory that is being prospected for oil.

The governor is receiving many protests from residents of the gas belt, in which it is stated that the gas pressure at many stations is showing a decrease and that within the past 60 days enough gas has been permitted to go to waste in the neighborhood of Alexandria to supply the entire state for one year. The attorney general will take up the matter and injunction proceedings will follow if necessary. A court has already held that the anti-gas waste law is constitutional.

Aboriginal Footprints on a Rock.

JEFFERSONVILLE, Ind., Nov. 9.—A ledge of rocks, cropping out on a small water course on the farm of Hiram Stoen, near Henryville, has recently been washed off by the rains, and a curious thing has been exposed. Upon the rock appear about 15 footprints, exactly as if made by men walking barefooted over soft ground. It is supposed that they had been made by aboriginal inhabitants, who walked over what is now rock while it was still in a soft state.

Luetgert's Lawyer Leaves.

CHICAGO, Nov. 10.—Former Judge Vincent, who conducted the defense in the first trial of Adolph L. Luetgert, has withdrawn from the case. Private business affairs were given as the cause of his withdrawal. Attorney Phalen, who was associated with Judge Vincent during the famous trial, and who announced the latter's withdrawal will conduct the defense at the second hearing, which, however, will not be called within six weeks.

GASOLINE EXPLOSION

Hosiery Company's Plant at Piqua, O., Badly Wrecked.

TWO GIRLS SERIOUSLY INJURED.

One of Them Can Hardly Recover, Being Horribly Burned—Grave Robbers at Work—The Old Story of Starting a Fire With Coal Oil—Work of Thieves—Little Girl Killed—Other Ohio State News.

PIQUA, O., Nov. 10.—An explosion at the Piqua Hosiery company's plant badly wrecked the third floor and northwest corner of the building, and the machinery was badly damaged. It was caused by underwear being washed in gasoline and then put in a dry press.

The gas generated caught fire, causing the explosion. About 200 girls employed by the company were in the building at the time, and 100 on the floor where the explosion occurred. Lizzie Burk was probably fatally burned, the flesh on her limbs dropping off. Bertha Ingle was cut about the head, and a number of other girls were slightly injured. The others escaped. All the windows in the third floor were wrecked.

Storm Raging Over Lake Erie.

CLEVELAND, Nov. 10.—Another bad storm is raging on Lake Erie. The wind has been blowing for the past 24 hours from the northwest and a big sea is running. No disasters are reported. The schooner McVey, lumber laden, for Buffalo, was caught in the storm off Fairport harbor and was compelled to throw part of her load overboard. She was afterward towed into this port. The steamer State of Ohio, with passengers from Buffalo, was compelled to put into Fairport harbor for protection and has not yet arrived here.

Grave Robbers at Work.

LONDON, O., Nov. 10.—This little village is all torn up over the discovery that a grave in the Friends cemetery, was robbed Monday night, and the body of Carlton W. Kelley, removed. The coffin containing the dead man's coat, vest and cuffs was found buried upside down. It is supposed that the grave robbers were after the body of young Samuel Jones, who died last week, by drinking three bottles of peppermint.

Started a Fire With Coal Oil.

LONDON, O., Nov. 10.—Curt Eckstein, a barber, attempted to start a fire with coal oil. The oil can, which was of glass, exploded and Eckstein's face and hands were badly burned. He was also cut by the flying glass. His clothes were saturated with the burning oil, but he had the presence of mind to throw an overcoat around him, which extinguished the flames.

Tailorshop Robbed.

LONDON, O., Nov. 10.—The merchant tailoring establishment of George Rone-mous was visited by burglars last night, who made a haul of several suits and piece goods, the value of which is estimated to be nearly \$300. Entrance was effected by prying open a rear shutter. Local talent is suspected.

Wages Advanced.

YOUNGSTOWN, O., Nov. 10.—The employees of the Andrew Brothers' company's blast furnace have been given notice of a 10 per cent advance in wages to go into effect Dec. 1. It is understood that other blast furnace companies will soon advance wages of their employees.

Little Girl Killed.

PORTAGE, O., Nov. 10.—Fornie Toole, aged 3, daughter of Samuel Toole, an oil man, was instantly killed here yesterday. She was playing with other children on a rack used for hauling boilers. The rack fell over, striking the little girl on the head and breaking her neck.

Crippled For Life.

FREMONT, O., Nov. 10.—Albert Zahn, a young boy of this city, met with an accident Monday, which will cripple him for life. He fell from a hickory-nut tree to the ground, a distance of 60 feet. His spine was injured, and the lower half of his body paralyzed.

Residence Burned.

MOUNT OREO, O., Nov. 10.—The farm residence of Nathan Hamilton, north of here, was destroyed by fire yesterday, with outbuildings and nearly all of the household furniture. Loss \$1,000; insurance \$350. The fire originated from a defective fire.

Supposed Lost Schooner Arrives.

CLEVELAND, Nov. 10.—The schooner Atmosphere, which had been missing for 10 days, and which was supposed to be lost, has just arrived in port. She was storm-swept for 30 hours and was kept afloat only with the greatest difficulty.

Ben Butterworth's Condition Unchanged.

CLEVELAND, Nov. 10.—There is no change for the better in the condition of Patent Commissioner Butterworth. He seems to be holding his own, however, and that gives some encouragement to his family and friends.

Coal Miner Fatally Injured.

MASSILLON, O., Nov. 10.—Frank Trant was fatally injured by a fall of coal in the Camp Creek mine yesterday afternoon. Trant is an Italian and resided with his wife at Camp Creek.

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.

ROSSER & MCCARTHY,
Proprietors.

SUBSCRIPTION PRICES OF DAILY.

One month..... 25 | Three months..... 75
Six months..... \$1.50 | One year..... \$3.00

WEDNESDAY, NOVEMBER 10, 1897.

INDICATIONS.—Partly cloudy weather; warmer; light northerly winds.

It has passed the \$40,000,000 mark, Br'er Davis. Treasury receipts Monday were \$1,434,264 17; expenditures, \$1,599,000; deficit for the day, \$164,735.83; for the month, \$2,811,382.18, and for the fiscal year to date, \$40,820,392 54.

Some uneasiness was caused Tuesday among the successful candidates at the recent city election by the discovery of the fact that the election officers had failed to certify the result to the City Clerk within three days as required by law. The successful candidates, however, have certificates of election from the Canvassing Board, and need lose no sleep, as the courts have decided, if we mistake not, that such a failure as above on the part of election officers does not invalidate the election.

POSTAL CARDS.

New Series To Be Issued by the Government Early in December.

[Boston Post.]

The Government is to issue a new series of postal cards early in December, the first prints of which will be eagerly sought by collectors, as they are promised to be of especial artistic merit. It has recently been disclosed that some of the smaller countries, taking advantage of the eagerness of collectors and the high prices paid by them, have issued numerous "limited editions" of postal cards, which have sold for large premiums.

It is interesting to note that our Government prints over half a billion cards annually for domestic use in this country, while last year only 4,700 "international" cards were sold here. Many will remember the first cards issued; these had straight lines on their address face, at which the public felt so insulted that they refused to purchase, and the issue had to be called in. By the way, Austria was the originator of the postal card, and that only twenty-seven years ago.

Pointers to Merchants.

The fall and winter season seems to the advertiser to be the most opportune to put in his best lines, telling the people what he has for sale. Timeliness is an important factor in good advertising. Winter creates a demand in the human family for many necessities and the merchant who is busiest is the man who is constantly hammering away in the local newspaper and is stating in good plain English how cheap his goods are, and how good their quality—in fact, is stating prices. If he has bargains for sale they are at once snapped up—if he lets the world know it. The good advertiser never stops—winter and summer he persistently keeps at it and his increased income is his reward. Keep at it—Exchange.

PERSONAL.

—Mrs. George C. Goggin was somewhat better Monday.
—Mrs. Sallie McD-Humphreys returned home this week.
—Rev. George W. Watkins has returned from a visit in Boone County.
—Mr. John Parrott, of Stockton, California, is visiting his sister, Mrs. Jane Archdeacon.
—Miss Lucy Gaines, of Florida, is visiting her sister, Miss Mamie Gaines, at Washington.
—Miss Mary McDowell Marshall has been visiting the Misses Lamb, of West Third street.
—Mrs. Alice H. Evans returned home Tuesday after visiting Miss Hattie L. Wood of the county.
—Messrs. W. J. Rees, C. C. Arthur and Hon. Walter Mathews went to Cincinnati Tuesday on business.
—Misses Lucy and Mary Smith, of New Orleans, are visiting at Washington. The yellow fever is on either side of their residence.
—Mrs. Duke Watson, Mrs. Charles Dobyns, Miss Margaret Duke Watson, Miss Hattie K. Dobyns and Miss Willie Watson are spending the day in Flemingsburg attending the January-Andrews wedding.

FIRE INSURANCE.—Pickett & Reespees, successors to Duley & Baldwin.

Household Gods.

The ancient Greeks believed that the Penates were the gods who attended to the welfare and prosperity of the family. They were worshipped as household gods in every home. The household god of to-day is Dr. King's New Discovery. For consumption, coughs, colds and for all affections of throat, chest and lungs it is invaluable. It has been tried for a quarter of a century and is guaranteed to cure, or money returned. No household should be without this good angel. It is pleasant to take and a safe and sure remedy for old and young. Free trial bottles at J. J. Wood's drug store. Regular size 50c. and \$1.00.

FISCAL COURT.

The Business of the Fall Term Completed Tuesday.

List of Claims Allowed—Important Action Taken as to Pauper Allowances Hereafter.

The Fiscal Court completed the business of the fall term Tuesday and adjourned till April. All the Justices were present, Judge Hutchins presiding.

It was ordered that from this time forth no pauper appropriations be made outside of the infirmary, and that the Magistrates no longer have the right to give orders to paupers, but shall refer all such matters to the County Judge.

The city of Maysville was allowed \$100 for helping clean the jail sewer. The vote on this stood: Yes—Howe, Miller, McIlvaine and Hook; No—Perrine, Owens, Forman and Williams. Judge Hutchins cast the deciding vote in favor of motion.

It was ordered that henceforth the medical pauper practice in each Magisterial district be let out to the lowest and best bidder.

It was ordered that \$75 be the limit to the doctor's bids in each Magisterial district and that each successful bidder be required to give a bond with good security to discharge his duties. It was further ordered that each Magistrate receive bids for the pauper medical practice in his district up to and including December 20th, 1897, at which time bids will close and the Magistrates will report to the County Judge, who is authorized to accept or reject any bid in his discretion, and to receive bond from successful bidders. It was ordered that the County Clerk advertise for these bids in three papers of the county.

The appropriation made for Ann Crawford the first day of the term was rescinded.

Squires Williams, Perrine and Owens were appointed a Ways and Means Committee, and were authorized to borrow sufficient money to pay claims allowed at this term.

County Clerk Cochran was appointed commissioner to settle the county levy of 1897 with the Sheriff.

The County Judge was authorized to draw warrants on the Treasurer in favor of each Justice for three days services for holding the court.

The Elizaville Station and Mayslick pike was received and made a free pike, the county to pay the stockholders \$2.50 per share for their stock.

The Turnpike Commissioners were directed to require of all contractors for building or repairing pikes a bond with good security to perform the work as provided in contract.

The report of W. L. Holton committee of Belle Crawford, was filed.

The County Judge, County Clerk and C. L. Sallee were each allowed \$5 for services as committee to examine candidates for Superintendent of Schools.

The following claims were allowed:

Dr. H. K. Adamson, medical services.....	10 00
E. H. Bryant, Constable fees.....	5 50

TOBACCO INSURANCE.—J. C. Everett.

Mrs. O. B. Stitt is displaying a handsome line of trimmed millinery this week.

RAY'S Eliteine prevents chapping, keeps the skin soft and smooth. At postoffice drug store.

THE sum of \$130,000 was paid into the State Treasury Monday, \$112,000 by the Sheriff of Jefferson County.

THE November term of the Mason Circuit Court will convene next Monday. There are thirty-four new common law suits and fifty new equity.

A STRAY two-year-old bay mare came to Coughlin Bros. stable Tuesday, November 2nd. The owner can get same by calling at the stable and paying charges.

THE Nepton Mills will be sold at public auction December 10th. This plant is a valuable one, and parties desiring an investment of this character should confer with Mr. Charles M. Fleming, Master Commissioner of the Fleming Circuit Court.

A SPECIAL meeting of the W. F. M. S. of the M. E. Church will be held to-day (Wednesday) at 3 p. m. at Mrs. Judge Hutchins, West Fourth street. Mrs. Badley will be present, and members of other missionary societies are cordially invited.

J. H. ROGERS & Co. are now bottling the Limestone whisky under Government supervision. Each bottle is sealed with Government stamp, guaranteeing age and purity. Those wishing a pure article for medicinal or other purposes should call for it.

If you are thinking of buying a wedding present or a birthday present, you ought to be able to find just what you want at Ballenger's jewelry store. His stock of sterling silverware and novelties in the jewelry line is not surpassed anywhere. Goods guaranteed.

Don't fail to visit Murphy, the jeweler, before buying your wedding presents. He is showing the finest line of goods ever shown here in sterling silver forks, spoons and ladles of all kinds. His prices are without question the lowest in the city. See his goods before buying.

HARTFORD CITY, Ind., Nov. 10.—While 250 barrels of oil in a tank on the Harry Carroll farm was undergoing the steaming process, there was a sudden explosion and the oil was scattered for several hundred feet around, but injured no one. This is the first explosion of the kind in the oil field, and the cause is unknown.

MARION, Ind., Nov. 10.—The Marion lodge of Elks some time ago admitted Robert Fitzsimmons as a member. The action being an alleged violation of the rules of the order, the Marion lodge was lately commanded by the grand exalted ruler to expel Fitzsimmons. The lodge last night decided to stand by its initiation and refuse to act until the matter is finally decided by the supreme ruler of the order, H. B. Detmore of Harrisburg.

THE Campbell Circuit Court met Monday in Newport, and the cases of the alleged assailants of Mrs. Thomas Gleason, who was attacked by eleven men in the Highlands, were set for trial. Commonwealth's Attorney Lockhart requested that the case of Duke Croxton be tried first. Croxton was the last man brought to Maysville, and he is charged by Frank Meiner with holding the revolver to Gleason's head while the others seized the wife. The cases set are as follows: Duke Croxton, November 16, Hill and Barbour attorneys appointed; George Greer, John Moore and Ed. Stevens, November 19, E. H. Kilpatrick, attorney; Frank Meiner, November 23, Hill and Barbour attorneys. The rest of the cases will go over until the above are tried.

Friday's Cash Sale!

BLANKETS.—Last April's foresight gives November readiness at the old tariff-free prices—and that's a comfortable saving. Likely to continue only until this lot is exhausted. Who knows how soon that will be, hurried with November frostiness just around the corner and this blanket stock with all the price bars down—down in this fashion: At \$3.50 a pair, White Blankets, pure wool filling, heavy and serviceable, carefully finished, very fine and soft, 72x84 inches, five pounds in weight, various colored borders. "Mission Mills" Blankets are the famous California brand that represent blanket perfection. We have the exclusive right to sell them here. Securing control of them enabled us to place large orders and lowered prices about one-fourth. They are all pure wool in both warp and filling and are handsomely bound with white silk, 62x80 inches, five and a half pounds, \$5 a pair. If these two blanket offerings are favored with intelligent examination, the present stock will be unequal to the demand. The claims are not represented by catch-penny prices. They make an honest appeal to the most critical judgment.

WOMEN'S HOSIERY.—Did you ever try to buy seamless, fast black, fleece lined Stockings that were really good for less than 35c.? Well our Hosiery maker knows how to put in goodness without putting in cost. Examples: Fleece Hosiery for women, made in Germany, dyed in Germany, ribbed top, high spliced heel, spliced sole and toe, guaranteed absolutely fast black, soft, elastic and very closely woven, 25c. a pair. See if you can find anything the matter with them except the price.

D. HUNT & SON.

CIVIL SERVICE.

Perpetual Injunction Against Removal of Revenue Employees For Political Reasons.

PARKERSBURG, W. VA., Nov. 8.—Judge Jackson, of the United States Court, today rendered his decision in the injunction cases of William Butler and H. C. Berry, United States Storekeepers, and J. G. Ruckman, United States Gauger, at the Hannis Distillery, against A. B. White, Internal Revenue Collector for West Virginia. The decision is upon demurrers and answers of defendants, which by stipulation were heard together.

The object of the bills was to restrain the Collector from removing the plaintiffs from their positions as Gauger and Storekeepers in the distillery or transferring them to any other and subordinate positions in the same. Judge Jackson in his decision says:

"These officers were commissioned by the Government and assigned to duty and were in the active discharge of the functions of their respective offices when defendant, White, was appointed Collector of Internal Revenue for the district of West Virginia. It is alleged that the defendant is about to remove the plaintiffs in these actions upon political grounds and it is claimed that neither defendant nor the appointing power has the right to remove the incumbents from their offices for political reasons."

The decision concludes: "First, that the act known as the Civil Service act, is constitutional, that Congress has not delegated to the President and Commission legislative powers, that by Rule 3, Section 10, Internal Revenue Service has been placed under the Civil Service act and rules made in pursuance of it, that the plaintiffs are officers of the Government in the Internal Revenue Service, that they cannot be removed from their positions except for causes other than political, in which event their removal must be made under the terms and provisions of the Civil Service Act and the rules promulgated under it, which by act of Congress became part of the law, that the attempt to change the rank and position of the officers in these cases is in violation of the Civil Service act, that the Court of Equity has jurisdiction to restrain the appointing power from removing the officers from their positions if such removals are in violation of the Civil Service act."

The Judge therefore overruled the demurrers and perpetuated the injunction. Colonel White gave notice of appeal and the case will be taken to the Supreme Court, it being understood that a ruling on the important questions raised is much desired by the Internal Revenue Bureau.

OUT FOR OFFICE.

Candidates Are Plentiful For Places Under the New Legislature.

FRANKFORT, Ky., Nov. 8.—Since the election of the new Legislature the candidates to fill the various Legislative offices before the next Legislature have become numerous and active. The candidates for Clerk of the Senate and Wm. Cromwell and Jim Stone. For Clerk of the House, are Henry B. Ware and Green R. Keller. For Enrolling Clerk of the Senate, are Mrs. Mary Brown Day, formerly State Librarian, and Miss Emma Walker Herr, of Lexington.

For Enrolling Clerk of the House, are J. H. Stuart and Henry C. Murray.

William Klair, the hustling Lexington politician, is out for Sergeant-at-Arms of the Senate.

Edwin L. Stanton, of this city, and

Voorhees Gregory, of Mayfield, a former page in the Senate, are opposing candidates for Cloak Room Keeper of the Senate.

Percy Haly and Col. Thos. Tanner are opposing candidates for Sergeant-at-Arms of the House.

Col. Theophilus Hall, the mountain harmonizer, of Clark County, is a candidate for his old place as Assistant Sergeant-at-Arms of the House.

The race for the Speakership promises to eclipse all others, and bids fair to compare with the famous Moore-Myers race. The Hon. South Trimble, of Franklin, and Cripps Beckham, of Nelson, are the entries up to this date. Mr. Trimble is a new man, but is a good parliamentarian, and would fill the Speaker's chair acceptably.

Mr. Beckman has twice served in the House, and has frequently presided, always with dignity and firmness.

The race for State Librarian will not come up until the other races are over, but there are many candidates, every section of the State being represented.

Miss Pauline Helm Hardin, of Covington, daughter of ex-Chief Justice M. R. Hardin, is probably the best known, having made a previous race, and is conceded a very strong candidate. Miss Mattie Crutcher, of Franklin; Miss Barnett, of Henry; Miss Cochran, of Daviess, and others, are also candidates.

It is not known whether Senator Goebel will again be a candidate for Speaker pro tem of the Senate. If so, he will probably be re-elected without opposition, otherwise Senators Bronston, C. C. McChord, Thomas H. Hays or George Alexander will contest for the honor.

EX-MAYOR TODD

To be Surveyor of Louisville—A Slur Intended For Bradley.

FRANKFORT, Ky., November 8.—The prediction made two months ago that the appointment of Surveyor of the Port of Louisville would be held up till after the election in order to give it to George Todd in case he was defeated for Mayor, has come to pass.

A prominent politician, who has just returned from Louisville, says that Todd is anxious to be appointed Surveyor in order to spite Governor Bradley, whose best friend, General Dan Collier, is an applicant for the place.

There is no love lost between the Governor and the ex-Mayor, and Todd is anxious to show Bradley that he stands higher with McKinley than Bradley does. All the politicians here think there is no longer any doubt about Barnett being turned down to make room for Todd.

Advertised Letters.

The following is a list of letters remaining in the postoffice at Maysville, Mason County, Ky., for the week ending Tuesday, November 9, 1897:

Bell, Mrs. Fannie	Forman, Mrs. Nannie
Bradford, W. E.	Humphrey, A. H.
Bracklidge, Miss Fannie	Morris, Miss Julia
Cornellison, Sada	Strong, Geo.
Campbell, Mrs. Sarah	Tibbitt, J. H.
Chapman, S. W.	Thomas, Charles
Forman, Mrs. Albert	Williams, David

Persons calling for any of the above will please say advertised.

THOS. J. CHENOWETH, P. M.

The congregation of the Washington Christian Church will likely build a parsonage soon.

Something to Know.

It may be worth something to know that the very best medicine for restoring the tired and nervous system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centers in the stomach, gently stimulates the liver and kidneys, and aids these organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion, and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it. Sold for 50c. or \$1.00 per bottle at J. J. Wood's drug store.

THE BEE HIVE

DRESS GOODS!

All our forty-two-inch Silk and Wool Chevrons, in mixtures, checks, and fancies, were 50, 60 and 75c., choice now 39c. a yard.

SENSATIONAL BARGAINS IN

ROSENAU BROS.,

Proprietors of the Bee Hive.

KINGS OF LOW PRICES.

THIEVES AT WORK.

Mitchell's Saloon and Davis' Coal Office Visited Last Night—Two Horses Stolen.

Mitchell's saloon was visited by a thief or thieves last night. The cash drawer was broken open and about \$1.50 secured. A nickel-in-the-slot machine was also broken open, and the contents taken. It is not known how much was in it.

Mr. William Davis' coal office in the Fifth ward also received a visit from thieves some time last night. They effected an entrance by prying open the shutters of the rear window. The cash drawer was then broken open, but a few postage stamps was all they got.

Between 7 and 8 o'clock last night a roan harness mare was stolen from Mr. George Coffee who lives on the Hill City pike, a few miles from this city.

A roan mare was also stolen from Mr. John Cochran's stable on the Hill City pike between 5 and 7 o'clock last evening. Mr. Cochran's farm adjoins Mr. Coffee's. Two rough looking men were seen walking out the pike about dusk, and they are no doubt the parties who got the two horses. Mr. Cochran's mare is seven years old, and has black mane and tail. He will pay a liberal reward for her recovery. Return to him or to Parker & Smoot's stable.

Officers are at work on these cases, but no arrests have yet been made.

NEW WRINKLE IN GAS.

A German Discovery That Will Revolutionize Illumination.

WASHINGTON, Nov. 10.—Consul Denster, at Crefeld, Germany, reports to the state department of a discovery made there which, it is said, will revolutionize the methods of illumination. It is an incandescent gas. A single jet of ordinary size can emit a light of much more than 1,000 candle power and fine print can be read at a distance of 100 feet.

The inventor says the cost for a light of 1,500 candle power is only 4 1-2 cents per hour, while that for an ordinary electric light of 400 candle power is 14 cents per hour.

River News.

Three feet on marks here and river on stand. Rising at headwaters.

The Sherley up last night for Pomeroy and the Sunshine will be up to-night.

The Courier, with Captain Wat Shedd in command, is again in the Maysville trade.

New crop N. O. molasses.—Onloun's.

SHOPPING EXCURSIONS.

The C. and O. Will Not Run Them Out of Lexington Hereafter.

[Lexington Herald.]

The C. and O. road has decided that in the future it will not run private shopping excursions to Louisville or other points on its line away from Lexington. This decision has been brought about by the recent efforts of the Chamber of Commerce to prevent the running of such excursions on the ground that they are a detriment to the business interests of the city.

The C. and O. road has made it a principle not to draw trade from one place to another, and this rule will doubtless be observed in the future.

Go to Mrs. O. B. Stitt for the very latest in trimmed hats and bonnets.

We Knew We Had a Good Thing

In the stock of fine Clothing we recently bought by electric light. There is so much clap-trap Clothing advertising in vogue at present that we refrained from saying too much about this purchase. We simply called your attention to it and said look in our window display, see the goods and note the CASH price on them. We knew we would sell some of them; the continued warm weather left a doubt as to selling a great many now. The doubt is dispelled. Since the day we opened this purchase and made our window display our store has been crowded with customers anxious to secure these unheard-of bargains.

We advise our friends who contemplate buying a Fall or Winter Suit and Overcoat not to let this opportunity slip. It is only one in a long time where circumstances arise that enable merchants to secure

First-Class Clothing

that can be sold for less money than the cheaply gotten up stuff the market at present is flooded with.

Our \$2.00, \$2.50 and \$3.00 Smith & Stoughton Custom-made

SHOES

that we warrant to give satisfaction and cheerfully return the money for any that do not, have quickly sprung into public favor. Out-of-town mail orders, and of which we daily receive numbers, have prompt attention. Look at our Shoe window;—none like them in the State.

HECHINGER & CO.

DRESS GOODS

AND

JACKETS

Some new and Desirable things in plain and novelties, all wool, at 25 cents.

BROWNING & CO.

THE

New York Store

Of Hays & Co. will give extra value for your money to-day and Court Day. Big bargains in Clothing, Shoes and Furnishings.

HAYS & CO.

Ladies'

Vici Kid Goodyear Welt, button and polish, new style lasts, \$2.50, worth \$3.00.

F. B. RANSON & CO.

"THE MAN OF SNAP."

Rev. George Darsie's Lecture Highly Entertaining and Instructive, and Very Inspiring.

Those who failed to hear Rev. George Darsie's lecture at the Christian Church last night missed a rare intellectual treat. "The Man of Snap" was his subject.

Mr. Darsie is a polished speaker, an eloquent orator, and his discourse last night charmed and delighted all who were fortunate enough to be present. It was calculated to inspire all to greater and better deeds, to grander and nobler lives.

The speaker referred to the grand and noble men of history as "men of snap;" his tribute to Paul and Luther and Washington and many others was most eloquent.

The present age, the speaker declared, was an age of ease and indolence, of soft cushions and rocking chairs, and palace cars, and soft hands, soft heads, soft hearts and soft souls; men of snap were the need of the times, in all the walks of life.

Mr. Darsie lectures again to-night. Go hear him. It will do you good.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. Lightning Hot Drops—What a Funny Name! Very True, but it Kills All Pain—Sold Everywhere, Every Day—Without Relief, There is No Pay!

Mental Maladies.
Within the memory of living men there were physicians who held the theory that mental disorders were in the majority of cases nothing more or less than viciousness, ugliness, or, to use their favorite expression, "pure devilishness." The logical sequence of this line of reasoning was that the infirmity was something to be eradicated by chastisement given in allopathic doses. More than one sufferer has been mercilessly whipped and many another has been chained and starved with the view to exorcise the evil spirit that was popularly supposed to be the cause of all the trouble. The starvation part of all the treatment might have given favorable results, as extreme reduction of the physical system often removes the clouds from the mental, but cruelty or brutality is the worst possible remedy for afflictions of this nature, simply aggravating and increasing them without the faintest hope of benefit. Disturbances of the psychic half of the human economy are even more numerous and important than those affecting the physical and material.

One of the misfortunes of patients who suffer from mental disorders is the lack of appreciation of the grave nature of their disease. Even eminent medical men, especially those who are themselves in the enjoyment of robust health, find it difficult to appreciate the more delicate phases of nervous distress. Merely a nervous attack means a great deal more than the average person is capable of understanding. The horrors that cluster around even the milder forms of insanity are such that the merest shadow of mental disturbance demands the most thorough and intelligent treatment. Ministering to a mind diseased is a phase of the physician's work that is too little understood and receives much less attention than its importance warrants.—New York Ledger.

Toning Solutions.
The formulas for toning solutions are almost without number, but the toning process which gives the best results for aristo papers—the papers most commonly used—is the one in which the toning and fixing are done separately. A favorite bath is made as follows: Make a stock solution of 15 grains of chloride gold and sodium (price, 40 cents) and 7½ ounces water and a saturated solution of bicarbonate of soda. A saturated solution is a liquid which contains a little more of the substance placed in it than it can dissolve and is shown by a deposit at the bottom of the bottle or vessel in which it is placed. Mark the bottle containing the gold "Gold Solution," and the bottle containing the soda "Bicarbonate of Soda Solution." To make the toning bath take one-half ounce of the gold solution and add 3½ ounces of water. Dip a piece of blue litmus paper into the solution, and if it does not turn the paper red add a little more of the gold. Then put in enough of the bicarbonate of soda solution to turn the litmus paper back to blue. The soda should be added a few drops at a time and the mixture stirred with a glass rod. Mix the bath half an hour before needed for use. Place the prints in this bath, and tone till nearly the desired color. Rinse and place for five minutes in a fixing bath composed of an ounce of hyposulphite of soda and 8 ounces of water. Wash in running water for half an hour.—Harper's Round Table.

The Editor's Woes.
A New Jersey suburbanite tells this one:
There is an editor in our little town who just for the present wishes he were somewhere else. Desiring to compliment the schoolteachers of the place and extend the circulation of his newspaper among them, he wrote an elaborate article, which he headed, "Pension a Lot of Our Schoolteachers." He then continued in an eloquent strain to declare that "there are about a dozen of the best known teachers in our schools who, because of their long service in the harness, should be pensioned immediately." Of course the intelligent compositor got in his work, and as the old man failed to read his proof he was horrified to find his paper declaring that there were a lot of old schoolteachers in that town who ought to be "poisoned" immediately. The editor informed me, with tears in his eyes, that this is one of those unpleasant episodes which occur to an editor now and then.—Hard-ware.

The Winding Up of an Englishman.
It was a shrewd observation of one of the keenest critics of the Anglo-Saxon mind that ever lived, Cardinal Newman, that it takes an immense time to wind up an Englishman to the level of a dogma—that is to say, to get him to understand what a dogma is, what it involves, what it necessarily asserts and what it unavoidably denies. Often when, after great toil, with pulleys and hoists, encouragements in front and goads behind, the Englishman's bullet head slowly appears almost on the level of the ground, something goes wrong somewhere, and down he falls to the very bottom of the pit, and the work of winding him up has to be begun all over again.—"The Law of Employers," by Augustine Birrell.

Lemons.
In selecting lemons avoid those that seem light in weight and that have thick rinds that resist pressure. A juicy lemon is heavy and thin skinned and gives under the fingers when pressed. Lemons may be kept fresh a long time by wrapping them separately in tissue paper and keeping them in a cool place.

CRANK AT THE WHITE HOUSE.

Undoubtedly Crazy and Will Be Sent to an Asylum.

WASHINGTON, Nov. 10.—Another crank was arrested at the White House yesterday. About 9:30 o'clock a young man between 28 and 30 years of age called at the mansion, and said he wanted to go to the fourth floor, and asked to be shown to the elevator. When told that there was no fourth floor he made a bolt for the interior of the house, saying that the president had invited him to breakfast. He also said that the president had wronged him, and he intended to right himself.

It was then decided to arrest the man, but he ran. He was finally found hidden among the greenhouses on the White House grounds and arrested and taken to the station house.

The man's name is John Henry Rocket of this city. At the station house he began to tear off his clothing, and soon sank into a stupor, from which he was with difficulty aroused. He is undoubtedly insane, and will probably be sent to St. Elizabeth's insane asylum.

Both Fatally Shot.
PINEVILLE, Ky., Nov. 10.—News has just reached here of a double tragedy which occurred on Clear Creek, in this county, some time during Monday night. When neighbors passed the house of Andrew Vaughn, a prominent farmer, yesterday morning, and called for Vaughn they were answered by moans from the inside. On going in they found Vaughn's wife wailing in her life's blood and Vaughn in a dying condition. Both will die. It is supposed Vaughn, who had been sick, became mentally unbalanced and while in this state shot his wife and then himself.

Settling the Miners' Trouble.
INDIANAPOLIS, Nov. 10.—The council held with Governor Mount with reference to the importing of Kentucky miners into Davies and Pike counties, Ind., to take the place of striking miners of Cabel and Kauffman coal operators, has come to a satisfactory ending. One hundred of the striking miners, it is said, will go to work immediately and others will follow. The labor commissioners went to Davies county yesterday for the purpose of bringing about a better understanding between employees and employers.

Shot His Father and Surrendered.
CORYDON, Ind., Nov. 10.—Stephen McMonagle, a young man of Laconia, this county, shot his father, Henry McMonagle, Monday night, several times, inflicting fatal wounds. Young McMonagle came here yesterday and surrendered himself to the authorities. He claims that his father was drunk and was trying to kill his mother.

Saw Dead Bodies in the Lake.
BUFFALO, Nov. 10.—Captain Neil of the steamer Thomas Carnegie, which has just arrived here, reports that when off Long Point, his vessel passed close to two floating bodies, supposed to be from the wrecked steamer Idaho. They were quickly lost in the darkness. Captain Neil also reports passing wreckage of various descriptions.

Did Not Long Survive His Friend.
NEW YORK, Nov. 10.—Dr. Edward Newberry, founder of Brentwood, L. I., is dead from pneumonia contracted at the funeral of Henry George. He was an intimate friend of Henry George, and an earnest advocate of the single tax.

Poisoned by Impure Vinegar.
JEFFERSONVILLE, Ind., Nov. 10.—T. M. Passwater was acutely prostrated Monday night by using vinegar in which some poisonous compound had intruded. He had a narrow escape from death, and still remains alarmingly ill.

Roasted Coffee.
NEW YORK, Nov. 10.—Fire last night in the 5-story building on Central pier, Atlantic dock, Brooklyn, occupied by the Royal Plantation Coffee company, did \$50,000 damage, 10,000 bags of coffee were stored in the building.

The Shock Killed His Father.
LOGANSPORT, Ind., Nov. 10.—J. D. McIntosh, aged 76, father of John McIntosh, who murdered Frank Potnmeyer Thursday, died yesterday as a result of the shock inflicted by his son's awful crime.

Prince of Wales' Birthday.
LONDON, Nov. 10.—The birthday of the Prince of Wales was celebrated yesterday with the usual flag-hoisting, bell-ringing and artillery salutes. He was born Nov. 9, 1841.

Indications.
Partly cloudy weather; warmer; light northerly winds.

THE MARKETS.

Review of the Grain and Livestock Markets For November 10.

Pittsburg.
Cattle—Prime, \$4 75; fair, \$4 60; 4 55; bulls, stags and cows, \$3 60; 3 55; Prime light, \$3 90; 3 85; heavy, 3 80; 3 75; rough, \$2 60; 2 55. Sheep—Choice, \$4 20; 4 10; fair, \$4 00; 3 95; common, \$2 75; 2 65; choice lambs, \$4 00; 3 90; veal calves, \$3 50; 3 40.

Cincinnati.
Wheat—91 to 92. Corn—27½ to 28c. Cattle—Selected butchers, \$5 00; 4 90; fair to medium, \$3 10; 3 05; common, \$2 85; 2 80. Hogs—Selected and prime butchers, \$3 55; 3 50; packing, \$3 45; 3 40; common and rough, \$3 00; 2 95. Sheep—\$2 50; 2 40; lambs, \$4 00; 3 90.

COUNTY CULLINGS.

Items Picked Up by the Bulletin's Correspondents in Mason and Elsewhere.

RECTORVILLE.

Dr. Alvin Wallington and wife were here last Sunday.

Miss Lillian Pollitt is visiting this week.

Mrs. Bella Dickerson returned Saturday morning after a pleasant visit to Mrs. Mahala Nute, of Flemingsburg.

Francis Goodwin, little daughter of Frank Goodwin, fell against a clothes line and injured her jawbone last Saturday afternoon.

Mrs. James Dawson and Miss Bertie Alton, of East Maysville, came out Saturday afternoon to visit Mrs. Thomas Pollitt and attend quarterly meeting services at Mt. Olive.

MAYSLEICK.

We have rain in abundance now.

O. M. Benz will be our next Marshal.

The election was very quiet at this place.

Miss Bertie Pogue is visiting friends at Maysville.

Miss Ollie Holland, of Cincinnati, is the guest of Mrs. S. M. Myall.

Messrs. Cracraft and Crawford will open a new saloon at the Old Stonewall House.

Mr. and Mrs. T. Prather entertained Saturday eve in honor of Mr. and Mrs. W. C. Lydiek.

Mr. W. C. Lydiek and bride have returned from their bridal tour and are the guests of Hon. A. P. Gooding.

Mr. William Jackson and family will leave this week for their new home at Maysville. We regret very much to lose this estimable family.

J. H. Hicks, our accommodating barber, wishes to inform his patrons he is lately situated at his new stand over William Coe's building on Main street.

Miss Lillie Williams entertained with a dining Sunday. Those present were Misses Nora Martin, Elizabeth Archdeacon, of Carlisle, Margaret and Alice Cogan, Messrs. John Archdeacon, of Carlisle, J. N. Roberson, J. S. Prather, J. T. Cogan and M. J. Gulliole.

Seems as if all the things we like disagree with us, and all the things we don't like, agree with us. Dyspepsia lurks in most of the good things we eat, and indigestion follows the gratification of appetite. Of course, it isn't nature's fault. Nature does the best she can, and if a man will only help her a little bit at the right time, he may eat what he likes and as much as he likes.

Dr. Pierce's Pleasant Pellets are for people who are troubled with indigestion. Particularly for those in whom it manifests itself in the form of constipation. The "Pellets" are quick and easy in their action. They are in perfect harmony with nature. They effect a permanent cure. You need take them regularly only a little while. After that, use them occasionally when you need them—when you have eaten anything that disagrees with you. They may be taken just as freely as you would take water or any other necessity of life. Once used they are always in favor.

Gone to the Happy Hunting Ground.
TOMAH, Wis., Nov. 10.—Ah-o-Cho-Kah (Artichoj), the oldest member of the tribe, and probably the oldest person in Monroe county, is dead. Artichoj was a Winnebago Indian and he has been chief of medicine of the tribe for many years. His age is not positively known, but it is given at from 105 to 125 years. He was a brother of Chief Danby, who was a power and ruled over the tribe 50 years ago.

Steamer From Cook's Inlet.
SEATTLE, Wash., Nov. 10.—The schooner Stella Erland has arrived, 14 days from Cook's inlet. She had five passengers aboard, who had between them about \$10,000 in gold. Their names were Samuel Henninger, Henry McGuire, T. A. Nau, G. W. Gibson and John Osborne. About \$5,000 worth of gold dust belonged to Henninger and represented his year's clean up.

Heavy Rainfall in Cuba.
BALTIMORE, Nov. 10.—The steamer Darlington, which has just arrived at Sparrows Point, reports 38 inches of rain as having fallen in the province of Santiago de Cuba during October. Great damage was done, and one of the bridges used by the Juragua Iron company, on the railroad from the mines to steamer piers, was washed away.

Postoffice Safe Robbed.
RALEIGH, Nov. 10.—The safe in the Mocksville postoffice was blown open Monday night and robbed of \$300, half the amount being in money and the rest in stamps. After committing the robbery the parties stole a lever car on the Mocksville railroad and rode it out near the Davis school, just west of Winston. It was found yesterday lying near the railroad track. The safe blowers cut the telegraph wire in two places to prevent any message being sent out after them.

Probably Jumped Overboard.
DETROIT, Nov. 10.—John P. McKinnon, formerly a wealthy lumberman of this city, disappeared from his stateroom on the steamer City of Alpena between Cheboygan and Port Huron. Some of McKinnon's clothes were found in the deserted stateroom, and it is thought that he jumped overboard.

The Hicks 1898 Almanac and Paper.

We are informed that the 1898 almanac of Prof. I. R. Hicks is now ready, and judging from its past history, it will not be many weeks in finding its way into homes and offices all over America. It is much larger and finer than any previous issue. It contains 116 pages, splendidly printed and illustrated on fine book paper, having the finest portrait ever given of Prof. Hicks. It can no longer be denied that the publications of Prof. Hicks have become a necessity to the family and commercial life of this country. His journal, "Word and Works," aside from its stormy weather and astronomical features, has taken rank with the best literary, scientific and family magazines of the age. Do not believe hearsay and reports. See the Hicks almanac and paper for yourself. You will then know why they are so popular. They are educators of the millions and unrivaled safeguards to property and human life. It is matter of simple record that Prof. Hicks has foretold for many years all great storms, floods, droughts and tornadoes, even the recent terrible drouth over all the country. The almanac alone is 25 cents a copy. The paper is \$1 a year with the almanac as a premium. Send to WORD AND WORKS PUB. CO., 2201 Locust St., St. Louis, Mo.

Webster's International Dictionary

Successor of the "Unabridged." The One Great Standard Authority.

So writes Hon. D. J. Brewster, Justice U. S. Supreme Court.

Standard of the U. S. Gov't Printing Office, the U. S. Supreme Court, all the State Supreme Courts, and of nearly all the schoolbooks.

Warmly Recommended by State Superintendents of Schools, College Presidents, and Educators almost without number.

It is easy to find the word wanted. It is easy to ascertain the pronunciation. It is easy to trace the growth of a word. It is easy to learn what a word means.

THE BEST FOR PRACTICAL USE.

Our individual preferences were formerly for another dictionary, but better acquaintance with the present edition of Webster's (the International) has led us to regard it as the most valuable, and to consider it the standard as far as any one dictionary should be so regarded.

Specimen pages sent on application to G. & C. MERRIAM CO., Publishers, Springfield, Mass., U.S.A.
